2) It is seen that a Cart on Rs 60-p.m. has already been engaged, with effect from 8th March 47, in order to transport depot materials, etc from Jangi work

3) It is not known whether a Cart would be necessary for only the V Division, throughout the year

5) Further enquiries may be called for on certain points pending up to the last meeting

b) Whether the additional Carts required could not be found by redistribution 2

It is reported that it is not possible to do so

9) Points for orders

Proposal of the Bangalore City Municipal Council re the employment of a Cart-man & 60-p.m. for the V Division - on a permanent basis

2) Expenditure being met out of the provision made under Dr Road Repairs in the current year Budget of the Bangalore City Municipality

17/2/40 Rs 17-4-0

10) The proposal to engage a Cart man on a monthly hire of Rs 60/- p.m. for the V Division is approved. It will not be as a permanent measure or with the prices of grain going down the maintenance charges would get automatically reduced & the level of hire now sanctioned as Rs 60/- p.m. More is now an allowance pending for prices of fodder etc to come down

Hence the proposal maybe
sanctioned for only till the end
of June 47 – 48 & tenders
ordered to be called for for 1948 49

11) More is the more point -- It
seem that there are about nine
Carts employed for 9 divisions of this is
the fourth Cart Method Division by
two Carts Besides these there are
lorries also Hence lorries should be
made use of on a large scale this
necessitating copies on Carts reduced
as far as possible These Carts should
be used only in the plains adjacent to
which the lorries cannot go and the
city. At any rate no more Carts
should be entertained - the existing number
should be suitably distributed by proper
adjustment the rest will be
disposed accordingly

be left to the discretion of the
local authorities - It might possess

Sub - Continuance of temporary Cart for the Gang work in 5th Division

Submitted to the Municipal Commissioner The entertainment of a temporary cart for 5th Division for a period of six months from 1-1-1947 to 30th June 1947 was sanctioned by the Municipal Council on 30th January 1947 and the resolution communicated to this office (vide M C Memo No A2 G1 4275/46 dated 11th February 1947) The cart has been entertained on Rs 60/- per month with effect from 8th March 1947 and it is working There was only one cart for both 4th and 5th Divisions As these divisions could not be managed by one Suboverseer, they were bifurcated and two Suboverseers with separate gangs were posted to each of the divisions As there is no cart for 5th Division, one cart has been engaged temporarily as per above Council resolution and the period of sanction (viz , six months) is current only till the end of 30th June 1947 But the cart has been engaged only from 8th March 1947 and the period of sanction according to the resolution of the Municipal Council will be current till the end of 8th September 1947

With the separation of 4th and 5th Divisions both for administrative and executive purposes and with the gangs separately working in each division it is very necessary to engage a cart exclusively for this division Moreover all the lanes in the division being narrow and not accessible to the lorries, the provision of a cart is absolutely necessary as a permanent measure to transport depot materials etc , for the gang work As such the entertainment of a cart for 5th Division may kindly be sanctioned permanently The pay of the cart will be Rs 720/- per year at Rs 60/- per month and this may be met under 'D2' Road Repairs in the current year's budget The subject may

kindly be placed before the Managing Committee and Council for approval The sanction of Government may also be obtained in this behalf

As the n-cessity for a cart is keenly felt, it is being continued further pending sanction of Municipal Council and also Government Action taken may kindly be approved and orders passed to admit the bills provisionally

Subj Employment of a Cart for the IV Division - Bangalore city - on a permanent basis, at a cost of Rs 720- per annum

Sir,

With reference to your letter no A1-c 1685 dated 21-11-48 on the above subject I am directed to request you kindly to furnish information on the following points -

1) A copy of the resolution of the Municipal Council sanctioning the bifurcation of the IV and V Divisions ~~into sections~~

2) The total number of carts attached to each of the Divisions of the city and whether the additional Cart required could not be found by a redistribution

3) What is the justification for employing this Cart on a permanent basis on such a

high rate of 1s 6d-p ul-and whether there would

be full work to justify the employment of a

Separate cart for the 5 Divisions — As the 4th & 5th

Divisions are situated side by side, there should be no

difficulty in transporting the dejecta materials in one cart

alone & the necessity for two carts is not apparent

further, the Chairman by his Committee have

removed from the Estimate the sum of £ which I had included

for the deputy clerk of the cart who is

not employed with the cart only for

every fortnight for the purpose of the Revenue Log

It has also been that the cart has

been employed in anticipation of 24 12 47

SIR

Subject - Employment of a cart for the V Division Bangalore City on a permanent basis at a cost of Rs 720/- per annum

---

With reference to your letter No L 12444 dated 12-1-1948 raising certain queries on the above subject, I have the honour to state that the Municipal Council at their meeting held on 27-11-1945 have sanctioned the proposal of the Municipal Engineer for entertaining on extra establishment for IV Division at a cost of Rs 3584/- per annum and this resolution was sent to Government with this office letter No A5 C 95/45 dated 18-12-1945 and the same is pending orders of Government A copy of the said resolution is however sent herewith for favour of reference as desired

2 The City is comprised of 9 Divisions and the III & IX Divisions being extensive have been sub-divided There are two carts for III Division but only one cart for IV & V Divisions and one cart each for the remaining divisions The total strength of the carts is thus nine It is therefore not possible to make redistribution of carts

3 It may be stated in this connection that the necessity of a cart exclusively for this division is keenly felt having regard to the fact that the lorries cannot get entrance into the narrow lanes carrying storm water and are covered with slabs In addition to other miscellaneous works these carts are also employed to carry

p t o

depot materials to work spots and for the clearance of the debris

4 The jurisdiction for these carts is very wide and some of the divisions like VI and IV being extensive require in fact greater number of carts

5 In the above circumstances the employment of a cart exclusively for the V Division on a permanent basis is necessary and essential

I request that sanction of Government may kindly be obtained to the resolution of the Municipal Council held on 6-11-1947

Subject Purchase of extra 20
lorries for Municipal works

I have the honour to state that
there are at present 20 motor vehicles

Health Section		maintained by this Municipality as per details noted in the margin, of which 11 lorries working in the Health Dept are made use of for removal of rubbish accumulated in various parts of Bangalore city
Lorries	11

Lorries	6	
	20	

As these lorries are found by experience to be insufficient for the work and a good number of bullock carts have also been engaged for clearing the rubbish and silt and as the latter are not capable of keeping up with the increased work in this direction, a comprehensive proposal for purchasing 40 more lorries was placed before the Mil Cl at their meeting held on 28 9 48

When it was resolved to purchase 20 horses for the present and that the Chairman of the Sub Committee Constituted for this purpose, might proceed with the purchase of these additional horses in Consultation with the Hill Commissioner

A Copy of the office note put up in this connection explaining the need for the additional horses together with a Copy of the Council resolution referred to above is enclosed herewith for information. The proposal involves an approximate expenditure of Rs 2,50,000 which will have to be met out of the Chowkidari Funds. Necessary quotations from reputed firms will be called for and placed before the next meeting of the Council.

In the meanwhile I request you to kindly obtain administration sanction for purchasing the required number of horses as per the resolution of the Council
